

src/3rdparty/cvblobs/BlobResult.h

```
graph BT; A[src/3rdparty/cvblobs/BlobResult.cpp] --> B[src/3rdparty/cvblobs/BlobResult.h]; C[src/libopentld/tld/ForegroundDetector.cpp] --> B;
```

The diagram illustrates a header file dependency. At the top is a gray box containing the header file path 'src/3rdparty/cvblobs/BlobResult.h'. Below it are two white boxes: 'src/3rdparty/cvblobs/BlobResult.cpp' on the left and 'src/libopentld/tld/ForegroundDetector.cpp' on the right. Blue arrows point from each of these two boxes up to the header file box, indicating that both source files include this header.
